

THE YEAR 5 TSAVO TRIP 2013

Year 5 students look forward to the TSAVO TRIP, which takes place in the course of their unit “sustainability”. This time round the trip covered the vast regions of Tsavo East and West. The students had a rare opportunity to visit historic and key sites. During their stay in the various hotels, they were able to learn about conservation measures taken and efforts implemented to sustain the finite resources within the vast park.

Excitement filled the air as the students awaited to board the buses to Tsavo

The students arrived at Kilguni Serena Lodge and were happily received by the hotel manager.

The meals at the hotels did not disappoint the students.

After the fun and educative game drives, students cooled off in the swimming pools.

MZIMA SPRINGS: The source of fresh water in Mombasa.

CHYULU HILLS. It was thrilling to climb up and down the hills.

SHETANI LAVA. Students walking on the lava that covers a vast area.

Students had time off to exercise their sporty activities at Taita Hills Lodge.

Wild animals were spotted at a very close range.

Fun was the word in Tsavo. Students enjoying in the swimming pool at Ashnil Aruba lodge while viewing the wildlife. The students received overwhelming praises from the hotel managers, visitors and the transport personnel on there outstanding behaviors.
